Miss Mattie Estill graduated in Mary Sharp College in 1875, and that indi-tution honored her with a position as teacher, giving to her work and scholar-ship much praise. Since then she has spent two years in the Normal preparing herself for the grand work of teaching. She is a fady of fine ability, and an in-defatigable student and worker. Her fine social qualities, her long training in Theory and Art of teaching, her scholarship, and her experience in actual work of the school-room, all combine to make her a very superior teacher. Her fit-ness, both natural and acquired, will be admitted by those who witners her work

Mrs. Colic Terrill, Principal of Preparatory Department, has had an experience of twelve years in teaching primary branches and little children. Unly after years of arduous study and training did she enter upon this work. Since 1876 she has taught in Winchester; and it will be admitted by all that she has lifted Primary Teaching to a higher plane of excellence, thus conferring lasting benefits on our youth and schools. In Primary Work she is without a peer, not only in Winchester, but, we believe, in this portion of the State.
